

23rd & 24th January 2019 – Chennai City

Tamil Nadu (TN) is the 2nd largest state economy, after Maharashtra. FDI approvals in TN for 2017-18 are up 56% over the previous year. TN has accounted for 7% of FDI into India (\$27b) since 2000, accounts for 8% of India's GDP, 10% of its GST tax base – a strong & diverse platform for manufacturing & services, production & consumption. 12 of TN's cities figure in the Top 50 cities in India's Ministry of Housing & Urban Affairs Ease of Living Index 2018; Chennai 14th. TN is the only South Indian state with 3 major ports offering unrivalled regional connectivity to Asia and the world.

>>> YOU NEED TO BE IN THE UK PAVILION <<<

This landmark event will be a confluence of strategic partner nations, investors & participants from UK, USA, Japan, France, Germany, South Korea and many more countries. This will also include participation of State Apex Agencies, Indian Industry Majors, Key SME, Niche Tech Innovators and Start-up entities.

The **British Business Group (BBG)** and the **British Deputy High Commission** in Chennai are working jointly to deliver the UK's participation in the **Global Investors Meet Chennai 2019**.

This event offers immense opportunities for UK companies to engage in the B2B & B2G segments. It will also help strengthen existing relationships, meet key business contacts, forge new partnerships for investments, technology transfer & knowledge-sharing initiatives across various sectors.

Key areas and opportunities for UK companies :

Automotive Technologies: Light-weighting (including Composites, Aluminium, High-strength Steel, Carbon Fibre), Sensors and Telematics solutions, after sales service of premium vehicles

Electric Vehicles: motors, batteries, charging infrastructure, design & build, skills

Advance Manufacturing Technologies: Digital Manufacturing, Industry 4.0, IoT, Simple Lightweight Collaborative Robots, Low Cost Automation (LCA)

Energy: Smart grid, Off shore wind, energy storage

Healthcare: Digital/AI platforms, NHS approved clinical services and procedures, training and education, enabling and designing healthcare infrastructure
